

MAYSVILLE, KENTUCKY, WEDNESDAY, SEPTEMBER 2, 1914.

ONE COPY—ONE CENT.

BUSINESS MEN AND TAX PAYERS OF MAYSVILLE APPEAL TO THE VOTERS

Ask Mason Countians To Assist Them in Preserving the Trade and Business Prosperity of the City of Maysville and Mason County

TO THE VOTERS OF MAYSVILLE AND MASON COUNTY:

The City of Maysville is the only part of Mason County that will be seriously affected by the result of the local option election to be held September 28th, 1914, for the reason, that no matter how the election goes all the rest of the county will remain as it now is, so far as the legalized sale of liquors is concerned.

Even should the vote be against local option yet it would not be lawful to sell liquor anywhere in the county except Maysville. This being true, the undersigned business men and tax payers, citizens of Maysville, feel justified in appealing to the voters of Mason County, and particularly to those residing outside of Maysville, in deciding how they should vote upon this question, to respectfully consider the wishes and welfare of their fellow citizens residing in Maysville.

We believe that the Business of our City will be very seriously injured should local option carry, and we will be deprived of the revenue from license fees which go very largely toward paying the annual expenses of the City of Maysville. The amount of revenue which we will be thus deprived will have to be supplied from some other form of taxation, and will have to come from those owning property and doing business in the City of Maysville.

In so far as the morals of the community are concerned, instead of the traffic being regulated by law and paying high license fees to the City Government, we would have substituted therefor the illegal sale of liquors through the medium of blindtigers and speak-easies. As between the two, we consider the former condition far more preferable.

We, therefore appeal to all well thinking voters to assist us in preserving the trade and business prosperity of our City and County as our interests are identical, and the prosperity of both go hand in hand. Maysville being prosperous means a better market for the agricultural products of Mason County, and a greater return for those who cultivate the farms.

WORLD WAITS

For News From the World's Greatest Battle

Big Nations All Claim "Brilliant Victories"
Paris Menaced By Germans and Berlin Trembles as Russians Advance

LATEST WAR BULLETINS

While the whole world is awaiting definite news from the battle line the French war office contents itself with the statement that as a result of the turning movement of the German army and in order not to accept battle under unfavorable conditions, the French troops have again retired.

From the British capital no word is forthcoming regarding what are considered the most momentous operations of the war. While Berlin claims a German victory over Russians in East Prussia and the capture of 70,000 men, the Russians claim a victory over the Austrians on the Galicia side with 30,000 prisoners.

Battle of Aeroplanes May Be Fought If Bomb Dropping on Paris Continues.

Paris, France, Sept. 1.—11:15 P. M.—The following official statement was issued by the war office tonight:

"On our left wing, as a result of the turning movement of the Germans, and in order not to accept battle under unfavorable conditions, our troops retired toward the South. In the region of Bethel our forces have arrested the enemy momentarily. In the center and on the right the situation remains unchanged."

By imperial order the city of St. Petersburg will henceforth be known as Petrograd, the change eliminating the Tzetur construction in the name of the chief city of Russia.

An official communication given out at Antwerp says the situation through-

out Belgium is satisfactory. The Germans are declared to have evacuated Aerohot, and railroad communication has been restored in the Campine country.

Refugees from Brussels say food there is getting scarce and declare the German garrison today numbers not more than 10,000. German sentinels are posted at all the public buildings.

A news dispatch from The Hague says the four richest men of Belgium have guaranteed the payment to Germany of the war tax of \$10,000,000, levied against the Belgian capital.

LANDS TWO BIG CONTRACTS

Yesterday Mr. A. D. Easton was awarded the contract for the erection of the O'Keefe building on the West side of Market street. This calls for a three story brick building; the first floor of which will be used as a store room, the second for offices and the third as a lodge room. This contract involves quite a considerable sum of money and will be a decided improvement to Market street.

Mr. Easton also received the contract for the erection of the handsome two story brick and terra cotta Kirk residence on West Second street, just below the residence of Mr. E. T. Kirk. This home when completed will be one of the most elegant in Maysville.

Mr. Elmer Thompson has resigned his position with the Central Garage Co. and is now employed by the Maysville Telephone Co.

MUST WAIT FOR RESULTS.

A "military expert" describes the situation now existing as the closing of the German "mailed fist" with the French army in the palm. Reports of Russian victories in Prussia, coming from St. Petersburg, he regards as probably fictitious. The German operations on the French frontier, as he pictures them, are like an outstretched hand with the thumb upon Belfort and the little finger touching Maubeuge. The main French army is in the palm of the hand and the hand is closing steadily.

As this student of the situation sees the war—from his study in Washington—the German frontier has been "merely pecked" by the Russians in East Prussia, probably eight corps moving against six corps of German covering troops, and "it is a military impossibility for Russia to do anything in Prussia or Galicia which will in any way affect the decision which is being arrived at in France at the present time."

The prophecies of military experts are much like other prophecies. If that were not so the main events, and the final results, of all wars would be known in advance of the fighting. The question of what the Russians can do against Berlin seems to the lay mind as open as the question of what the Germans can do against Paris. And in both cases the issue is "up to the knees of the gods."

Prophecy is vain. The world must await the outcome. Forecasts are as numerous as forecasters, and to-morrow's events make yesterday's prophets glad to hide their diminished heads in the files of the press of yesterday. Great Britain's expectation of a three-years' war indicates that prophecy there—that of the experienced Lord Kitchener—goes far beyond present occurrences and regards the fate of the French army, with its present supports, as a preliminary occurrence in a conflict which will be carried on all over the world, and waged against commerce and foreign possessions and sources of food supply as well as fought between the colossal armies now in the field between Paris and Berlin.—Courier-Journal.

CANADA'S GREAT GAIN.

When the Underwood bill took a few rails off the Tariff fence the Canadian government promptly appropriated them and raised her Tariff fence that much. The result to this country is plainly exhibited in the figures given by the Canadian Department of Trade and Commerce for the past 12 months, which show a decrease of imports from the United States into Canada of \$40,000,000 from the figures for the corresponding period of 1913. On the other hand there is an increase of exports to the United States of \$32,000,000.

See how it works? There is a practical loss to the United States of \$72,000,000. And what does it mean? Simply that we are paying out to Canada more than we receive and from once being a creditor country we have now become a debtor. Any man in business can tell you quickly the disastrous effects of such a condition.

If it is the intention of the administration to give us the reputation of being a nation of sharpers and make us come out of this war without a friend in Europe we presume the Wilson shipping program must be conceded to be a veritable triumph. Boston Transcript.

HOPE FOR LEWIS COUNTY.

The Attorney General of Kentucky expresses the opinion that the good roads amendment to the Constitution, voted on and adopted in 1903, is valid despite the fact that no formal gubernatorial proclamation was issued.

Gov. Wilson, it appears, announced the adoption of the amendment in his message to the Legislature. This, Attorney General Garnett believes, is a proclamation sufficient to meet the requirements of the Constitution, but he adds: "If it should be held that the proclamation so made is not sufficient I think, since there is no time limit, the present Governor could make the proclamation."

The point was raised in Lewis county when a bond issue of \$150,000 recently was voted for road construction. The bankers have been hesitating to buy the bonds, because of the doubt that the provisions of the Constitution had been met. It is rather unfortunate that public officials seem to forget now and then that the State has a Constitution and that its provisions have some bearing on their official duties.

Kentucky needs roads and now that at least one county in the State has decided to build some highways for the convenience of its population it is regrettable that the improvement should be delayed by technicalities. But the case is not hopeless, and if the bankers accept the Attorney General's view there is no reason why Lewis county should not proceed with its road program.—Courier-Journal.

"HIDEOUS, CRUEL WAR."

"Gay Paree" has always been used to describe the French capital, but with war's fearful alarms, it doubtless is no longer descriptive. The Germans have determined to take the city and in preparation for the attempt an order has been issued to the owners to tear down and remove thirty-four miles of houses which lie in the zone of attack and which would prevent the forts and batteries from doing their proper work on the attacking army. Think of the loss and the suffering that the compliance with this order will entail, and you will more than ever agree that General Sherman's description of war was not overdrawn. It is hell in all its features and its glory the merest moonshine.

That such a war as is now waging nearly over the entire world should prevail is a libel on the boasted civilization of the twentieth century and proof of the failure of peace tribunals and Hague conferences. The days of war and rumors of war are in deed upon us. Let us pray that the Ruler of the Universe will fulfill his promise to make them cease and cause the nations of the earth to learn of war no more.—W. P. Walton in Lexington Herald.

"Others go to battle," said Tacitus of the Catibonians; "these go to war." Great Britain and France are squarely confronted with a test not merely of their military genius, but of all their vital resources as great nations and of all their tenacity of purpose to remain great nations.—New York World.

LITERAL.

In one of the Brooklyn courts a recent case required the testimony of a young German immigrant.

"Now, Britzmann," said the lawyer for the plaintiff, "what do you do?"

"Ah, vos pretty vill," replied the witness.

"I am not inquiring as to your health. I want to know what you do."

"Vork!"

"Where do you work?" continued the counsel.

"In a factory."

"What kind of a factory?"

"It vos pretty big factory."

"Your Honor," said the lawyer, turning to the Judge.

"If this goes on we'll need an interpreter." Then he turned to the witness again.

"Now Britzmann, what do you make in the factory?" he asked.

"You want to know vot I make in de factory?"

"Exactly! Tell us what you make."

"Eight dollars a week."

Then the interpreter got a chance to earn his daily bread.—Erie Dispatch.

ASHLAND CONVENTION

Eighty Second Annual Gathering of the Kentucky Christian Churches Largest In the Churches History

The convention known as the Eighty-Second Annual Convention of the Kentucky Christian Churches began with a good attendance at the opening session on Monday evening. The sessions are being held in the new Christian Church at Ashland, Ky., which is a magnificent building. The organist gave all present the impression that the pipe organ was one of the best in the State. It has the volume, sweet tone, echo and chimes and its sweet strains soon lift one as on the wings of prayer. The church has a balanced choir which rendered a fine special selection.

Prof. R. T. Wittinghill gave the address of welcome. He was witty besides being instructive. He praised the blue grass section but stated that even a farmer in the blue grass country would be startled to know that a farmer in eastern Kentucky is being valued at \$42,000 an acre, and the owner has taken the case to the Court of Appeals to gain his point in valuing it at \$50,000 an acre. A part of his closing poem was as follows:

The chickens have quit crowing,
The cattle have quit lowing,
Because they are in the pot
With other things quite hot,
Prepared for you, etc.

The response by H. C. Garrison, Danville, Ky., was in place. He had worked against the selection of Ashland as the place for this meeting so his response was unique.

President Crossfield gave a very good report of the financial condition of the College of the Bible and Transylvania University and also showed the needs of these schools. It was good to hear the names of many of the Mason County churches read in the list of the financial support of the colleges this year.

E. E. Smiddy, the new Lexington professor made a scholarly address on the "College An Indispensable Factor in the Future of the Disciples of Christ."

A very happy and fraternal spirit prevails among the delegates.

HELP THE KIDNEYS

Maysville Readers Are Learning The Way.

It's the little kidney ills—
The lame, weak or aching back—
The unnoticed urinary disorders—
That may lead to dropsy and Bright's disease.

When the kidneys are weak,
Help them with Doan's Kidney Pills.
A remedy especially for weak kidneys.

Doan's have been used in kidney troubles for 50 years.
Endorsed by 30,000—people—endorsed at home.

Proof in a Maysville citizen's statement.

W. P. Lynch, 127 W. Third St., Maysville, Ky., says: "My kidneys were weak and the passages of the kidney secretions were scanty and painful. Having used Doan's Kidney Pills before, I again got a box and they quickly restored my kidneys to a normal condition."

Mr. Lynch is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Lynch had—the remedy backed by home testimony. KENTUCKY CONFERENCE

Convenes at Wilmore Tomorrow—Local
Pastors Leave Today To Attend
Big Meeting.

Rev. M. S. Clark, pastor of First
M. E. Church, South, and Rev. J. W.
Simpson, pastor of the Second Church,
left today for Wilmore, Ky., to attend
the session of the Annual Conference
which will last from Wednesday, Sep-
tember 2, to Monday, September 7. The
Kentucky Conference embraces all the
territory in Central and Eastern Ken-
tucky, except the Ashland District
which belongs to the Western Virginia
Conference. The Kentucky Confer-
ence has 30,000 church members and
125 pastors. Not only the pastors at-
tend the annual sessions, but nearly
fifty laymen are members and attend,
as well as many other visitors. Mr.
Clark has held his pastorate three
years, and Mr. Simpson two years, but
it is not settled yet as to whether or
not they will remain as they are.

SCHOOL NEWS

The teacher with music in his soul
will find music in his work.

President David Starr Jordan says:
"If we are to make men and women
out of boys and girls, it will be as
individuals, not as classes."

"The track that great men leave be-
hind."

Upon the sands of time
Oft show they wobbled round
Before they got sublime.

A city teacher received the follow-
ing note from a parent: "Teacher,
Charles came home yesterday with a
black eye from being hit in the base-
ment. I want you to understand he's
no football."

Here is another excuse that is found
familiar: "Mr. Magley, please excuse
John's absence yesterday. He fell in
the mud. By doing the same you will
greatly oblige."

Without raising the hue and cry of
an alarmist we feel a sense of justifi-
cation in calling attention to the de-
gree of familiarity between the sexes
in some of our high schools and col-
leges. Not long since, in our hearing,
a father was inveighing against coe-
ditation on this very ground. Some-
how we cannot help the feeling that the
girl who permits a boy to puff the
smoke of a pipe or cigarette in her face
has lost something of the delicacy and
finesse that we naturally attribute to
her sex. The boy, of course thinks it
proof of manhood to do this coarse
and impolite thing, but it is incompre-
ensible that the girl tolerates it. If
we are to have a great nation we must
train up a race of men with chivalry
and good manners and a race of wom-
en who will instinctively and, there-
fore, instantly taboo the coarse, the im-
polite, and the vulgar. Better a little
less mathematics, it need be, that we
may have time to inculcate a high de-
gree of morals and manners. —West

BEST CROP IN PENDLETON COUNTY

We had the pleasure of a visit to the
200-acre plantation of Mayor N. C.
Ridgway over in the South Licking river
bottom this week. This probably is
the most fertile 200-acre farm in the
county and the extra flourish on it this
year is proof of the assertion.

John Kirk and three sons, who moved
here last winter from Brown County,
Ohio, are managing the farm this ses-
son. They have a growing crop of
about 50 acres of corn, 18 acres of to-
bacco, besides other crops of hay, etc.
The corn was made before the recent
rains and will make from 50 to 60
bushels to the acre. The tobacco is all
topped and will make from 1,400 to
2,000 pounds to the acre. A part of
this was grown practically without any
rain. About six acres of the crop is of
the Italy variety and is topped at
from 25 to 30 leaves and is about 5
feet 6 inches tall. Mr. Ridgway says
that he has a better crop on the farm
this year than he has ever had, not-
withstanding the severe drought. —

PRESIDING ELDER MANN

Remarkable Record for Church Work the
Past Year—Has Traveled 9,000
Miles By Rail and Had 425
Conversions

Rev. E. G. H. Mann, D. D., presid-
ing elder of the Maysville District, M.
E. Church, South, closed his year's work
by holding quarterly meeting in Can-
cord, Lewis county, last Sunday even-
ing and passed through Maysville Mon-
day to his home in Lexington. He will
go to Wilmore on Wednesday of this
week to be present at the session of the
Kentucky Annual Conference which
convenes that day.

Dr. Mann's unusual record of work
for last conference year was published in
the Ledger during last September,
but his record for the year just closed
is still more remarkable, in labor and
results.

He has traveled about 9,000 miles by
rail, and 500 miles by private convey-
ance; has held 50 quarterly meetings
which on an average of two days each
and 12 protracted meetings which aver-
aged two weeks each, keeping him
away from home in all, 208 days out of
the year. Besides that he dedicated
three new churches and spent three
weeks at the General Conference in
Oklahoma City as a delegate bring-
ing the total number of days away from
home up to 300.

During that time he preached 42
times, had 425 persons converted in
his meetings, and kept up his extra du-
ties as editor-in-chief, and business
manager of the Central Methodist Ad-
vocate, a large denominational weekly,
newspaper with 9,000 subscribers.

Dr. Mann says that he has been ill
only one day during the year and was
never in better health or spirits than
now.

There are 60 separate churches in his
district and only 12 of that number
are on the railroad, which will give
him a fair idea of the wide travel
and exposure which a presiding elder
is subjected to in traveling a large and
irreversible district like that. If any
preacher, of any denomination, ever
show a better record for labor and re-
sults in one year, than this, we should
be glad to hear about it.

Despite the great amount of mental
and physical energy expended in his
church work, Dr. Mann, is the picture
of physical health—because he knows
how to live.

That he will be made a Bishop by the
next general Church Conference in
1917, there is now little doubt.
He has performed wonders in Ken-
tucky.

WHY THEY PARTED.

James Montgomery Flagg, the fa-
mous wit and humor artist, does an
amusing piece in words and picture in
the September American Magazine en-
titled "Why They Parted." Following
is his introduction:

"You see a couple round about,
You know them very well,
They're still in love without a doubt,
They're happy—you can tell!
Suddenly there comes a split—
They join the Reno throng—
Altho' amazed and dazed a bit,
You know it all along!"

Below are selections from the inter-
est cases cited:

Intangibility.

"I'll have to divorce you!" said Ben-
dick McGeer.
"We've little in common of late—
Of steps in the Tango you know thirty
three,
While I know two hundred and
eight!"

Sometimes She Said: "I Am Feeling
Nicely!"

"He packed up one night and went out
in the dark—
His kindness and love were unaf-
fing—
But it got his Angora to hear her
remark,
"Mind asked she and I to go sail-
ing!"

You Know How Women Arel

"I know 'em old-fashioned!" said
Kitty,
"I'm fussy, I am—it's the truth!
I don't mind your wife in Oil City,
But I can't stand the one in Du-
luth."

He Has to Kiss Her If She Was
Around

"I leave you forever!" said Artemis
Phipps.
He loved her, that wasn't the ques-
tion;
The red stuff she smeared on her kiss
shin lip
Gave Phippy acute indigestion!"

CONSOLIDATED SCHOOL IN WAR-
REN COUNTY.

The proposition to vote a tax of 25
cents on the property of Richmond and
Mt. Sylva school districts of Warren
county, carried by a majority of 16
votes. This will result in the consoli-
dation of the schools of these two dis-
tricts and the transportation of the
pupils to and from school by public
conveyance. This is the first consoli-
dated school in Southern Kentucky.

KENTUCKY CONFERENCE

M. E. Church To Open Annual Session
In Latonia Tomorrow.

Local Methodist Episcopal ministers
are making arrangements for the an-
nual Kentucky conference of their
church, which will begin tomorrow
at the Latonia Methodist Church.

The Rev. F. D. Leete of Atlanta, Ga.,
will preside. About 150 ministers and
lay delegates will attend. For the past
three years the Rev. George W. Banton
of Union M. E. Church, Covington, has
been its secretary.

The Rev. Banton next Sunday closes
his fifth year as pastor of his local
charge.

WISHED SHE COULD DIE

And Be Free From Her Troubles,
but Finds Better Way.

Columbia, Tenn.—"Many a time,"
says Mrs. Jessie Sharp, of this place,
"I wished I would die and be relieved
of my suffering, from womanly troubles.
I could not get up, without pulling at
something to help me, and stayed in bed
most of the time. I could not do my
housework."

The least amount of work tired me
out. My head would swim, and I would
be unable for an hour or more. Finally,
I took Cardui, the woman's tonic, and I
am not bothered with pains any more,
and I don't have to go to bed. In fact,
I am sound and well of all my troubles."

Cardui goes to all the weak spots and
helps to make them strong. It acts with
nature—not against her. It is for the
tired, nervous, irritable women, who feel
as if everything were wrong, and need
something to quiet their nerves and
strengthen the worn-out system.

If you are a woman, suffering from any
of the numerous symptoms of womanly
trouble, take Cardui. It will help you.
At all druggists.

WAREHOUSE RECEIPTS

If Used May Save Kentucky Tobacco
Growers Millions of Dollars.

Frankfort, Ky., Aug. 31.—Though tobacco warehouse receipts actually may not be utilized to any extent as a borrowing medium, according to J. W. Newman, commissioner of agriculture, the fact that the Federal Reserve board in Washington has promised to make tobacco growers of Kentucky from a less which had threatened to amount as high as \$20,000,000. It is Commissioner Newman's belief that the growers, reassured, will be content to store their tobacco and borrow lightly on it when the Federal Reserve board's plan is put into effect. Mr. Newman returned from Washington, where he attended the conference of growers, warehousemen and bankers, which was called by Secretary of the Treasury McAdoo to consider the Kentucky commissioner's proposal to make tobacco a basis for the issuance of currency, in view of the situation brought about by the European war. When he went to Washington, Mr. Newman said, the gravity of affairs affecting tobacco was scarcely realized. A large part of the dark tobacco raised in the State is exported to Europe, Mr. Newman explained, the proportion ranging from 65 per cent on some classes to 95 on others. The European markets have contracted for large quantities, which can not be shipped, however, owing to the demoralization of international shipping. On this account, according to the commissioner, dark tobacco prices have been seriously impaired and Burley tobacco prices threatened. With Secretary McAdoo pledged to make tobacco a borrowing staple, Commissioner Newman believes that conditions will grow better within a short time. Growers will be encouraged to allow the borrowing plan to tide them over the present upheaval, he says, and the threatened demoralization of the market will have been offset. Mr. Newman expects the Federal Reserve board to announce later the requirement under which its plan may be carried out. It is his opinion that among these requirements will be the provisions that tobacco placed in warehouses be classified, its value estimated, proof of insurance furnished and inspectors delegated to see that proper procedure is taken. However, Mr. Newman explained that the board would impose its rules through the banks, and that this phase of the matter would be arrived at later on.

PERSONAL

Mr. Pearce Glasecock leaves today for Kissimmee, Florida, to spend the fall and winter.

Mr. and Mrs. John M. Hunt returned home yesterday afternoon from a stay of several weeks in New York.

Prof. R. J. Bullett, for some time past conductor of the Gem Orchestra, left yesterday afternoon for Cincinnati.

Mr. H. V. Dryden and family are moving from their Commerce street residence to their old home in East Second street, Sixth Ward.

Mrs. Thomas Kewin of Aberdeen was shopping in this city yesterday and reports her genial husband is improving from his recent illness.

Mrs. Dr. Quigley entertained about forty of the younger set with a dance at her home last night, complimentary to Mr. Harold Cramer of Louisville.

Messrs. George Wood, James Owens and Pearce Calvert returned yesterday from Red Bailing Springs, Tenn. They report a good time and all seem to be several years younger than when they left.

RUGGLES CAMPGROUND.

Mr. C. G. Degman and his mother spent the day with Mr. and Mrs. Joe Brown at their pleasant home near Foxport Tuesday last.

A number of young people hereabouts are preparing to enter Union College at Barboursville in September.

Messrs. Warder and Wallingford have announced publicly that they will close their store each evening during the projected meeting at Gallie promptly at 6:30 p. m.

Major John Walsh and son, Harry Walsh, Mr. James Wallace of Maysville, and Mr. D. C. Walsh, of Cincinnati, are dividing their time between this place and Kirk Springs for a few days' outing.

Among the many delightful social functions given in honor of Mrs. Degman and Miss Hurd, none were more enjoyable than the five o'clock tea at the picturesque home of Mr. and Mrs. Clarence Stephens on the Tannan Road Wednesday.

Miss Della Warder returned to her home near Aberdeen, Ohio, Saturday last.

Rev. T. W. Levy, pastor of the church at Gallie, and Rev. Roy H. Biser, evangelist, were much encouraged Thursday by the arrival of other preachers to visit them. Rev. Purnell of Mill Creek Church rendered valuable aid with a most enthusiastic song service. Rev. Dugan and Gohly were helpful with words of cheerful greeting and sympathetic interest in the revival.

Mr. and Mrs. H. A. Judd and three children motored from Ashland via Ironton, Aberdeen and Maysville to this place Friday. They were intending to spend the night at Burtonville, but just as they were passing Gallie their machine became stubborn and came to a standstill. The people were gathering for evening services and among them were Maj. Walsh, with the residents of the campground. The Major recognized Mr. Judd and introductions and hand shakes were in order, after which the Judds, being members of the Christian Church in Ashland joined the crowd in the evening worship.

At the close of the service the auto forgot its stubbornness and quickly carried the parties to the campground where Mr. Judd was entertained by Major Walsh and the ladies of the party by Mrs. Degman and Miss Hurd, while Mr. Harry Walsh was tireless in his efforts to make every one comfortable. Mr. Judd was making the trip for the benefit of the health of his family, and so pleased were they with the campgrounds that they made inquiries for a cottage for next camping.

INSTITUTE

Has Busy First Day With Interesting Program

Health Car Proves Great Object Lesson on Health

The Mason County Teachers' Institute for 1913 convened Monday morning at the Maysville High School building. Miss Jessie O. Yancey, County Superintendent organized the institute and named the following officers and committees:

Miss Laura Crosby, secretary.
Miss Margaret Murphy, assistant secretary.

Committee on Resolutions—B. L. Dix, Mrs. Minnie B. Dohy, Miss Bessie Bauer.

Committee on Monthly Questions from Course of Study—C. E. Turnipseed, Miss Allie King, Bessie Best.

Reading Circle Committee—J. A. Caldwell, Martha Dillon, Anna Keith.

Teachers' Association Committee—Clarence Martin, Harriet Langhaab, Frances Tuggle.

The meeting was opened with an invocation by Rev. J. H. Fielding.

Mr. C. H. Croston who has been supervisor of music in the Lexington schools for the past eighteen years, will be the instructor in music during the institute. He will give several short lessons daily and gives special attention to patriotic songs. Miss Spencer, of Lexington, and the teacher of vocal at Maysville, for the coming year assisted at the piano.

Mrs. C. M. Freeman of Ashland, Ky., the State Superintendent of Circulating Library work addressed the teachers on the importance of this work and begged their assistance in the library work which she is doing in the mountains.

Prof. Paikner's lecture on "Health by Indirection" was one which carried a message to the heart of everyone present. He showed the utter uselessness of all the laws for conservation of timber, etc., as long as there were no such laws for conservation of the vital human resources. He made a plea for sanitarians and other health reformers as a great problem from the financial standpoint even if we didn't take into consideration the humane side of the question. He urged the teachers to cultivate the aesthetic sense in the children and showed its relation to good health.

The teachers then visited the health car in a body. Mr. Paikner made an address on the "Prevention and Cure of Tuberculosis." He says of the fifteen hundred and sixty diseases that kill, tuberculosis is the only house disease. It is generally contracted between the ages of ten and twenty and causes more deaths in Kentucky each year than all of the other fifth diseases combined.

In the afternoon session Mrs. Cora Wilson Stewart made the opening address. Mrs. Stewart needs no introduction to the teachers or people of Maysville as we have been so fortunate as to have had her with us often before. Mason County has indeed been fortunate to have such an educator and a woman who stands for so much in the State, as the instructor for its teachers during this week. She discussed Health, Right Conduct, Ability, to make a living and appreciation of the best things in life as the most valuable assets of a teacher. She adds affability to this list and one can not find another educator in the State who better exemplifies the great value of the latter in our association with other teachers, and with the future citizens of Kentucky in her own person than does Mrs. Stewart.

Mr. Jay O'Daniel, representing the B. J. Johnson Publishing Company made a short talk in the interests of his company.

The meeting adjourned after singing the "Star Spangled Banner," led by Mrs. Croston.

FOR SALE BY THE ELECTRIC SHOP

A CARD TO THE PUBLIC

The greatest bargain event ever known in Maysville is now a matter of history and I wish to thank those who so liberally responded to the invitation to participate in this great sale.

We regret that so many were turned away, our room and sales people not being able to serve the enormous crowds that thronged our store, yet it is a source of great satisfaction to know that all who were fortunate enough to secure the wonderful bargains we gave them went away happy.

In answer to the oft repeated question, "Why are you sacrificing these fine goods at such a ridiculously low price?" we answer that "Having had the patronage and confidence of the people of Mason and surrounding counties for the past thirty-five years, we felt that we owed them something. Now we are happy in the knowledge of a duty well performed.

Again we thank you for your past patronage and confidence, and solicit a continuance of same.

Very Truly Yours,

J. WESLEY LEE,

THE GOOD CLOTHES MAN, Second and Market Streets.

MAYBE it is an old fashioned idea this notion of putting all the value possible into the car itself—and as little as possible into overhead expense—

But it has given the Paige a positively dominant position among cars of medium price—

Ample capital for operating purposes—no bonded indebtedness—no excessive capitalization—no heavy overhead of any kind to be paid for.

Just a full dollar of car value for every dollar of the selling price.

Is it any wonder that the Paige is going to be oversold again this year in spite of increased production?
